

## **WARRANTY**

VR Avionics warrants our products to be free from defects in materials and workmanship for a period of two (2) years from the date of purchase. VR Avionics will repair or replace any item under the terms of this warranty provided the defective item is delivered to us and shipping charges are prepaid.

Our obligation under this warranty is limited to repair, replacement or refund of the product, at VR Avionics' sole discretion.

Under this warranty, VR Avionics is not responsible for any service charges, including removal, installation, nor any other consequential damages.

This warranty is void on any product which has been subjected to misuse, accident, incorrect wiring, negligence, improper installation, alteration or repair by any persons not authorized by VR Avionics. We retain the right to determine the cause for warranty repair.

This warranty does not extend to any aircraft, machine, vehicle, boat or any other device that our product may be connected, attached or used in conjunction with in any way.

VR Avionics reserves the right to discontinue models, to change specifications, price or design of any product at any time without notice and without incurring any obligation whatsoever.

Repair or replacement of any product or part thereof under this warranty will not create a new warranty period or extend the period of coverage. The warranty will continue to cover only the remainder of the original warranty period.

This warranty is in lieu of any other warranty, expressed or implied, including but not limited to any implied warranty of merchantability or fitness for a particular purpose. VR Avionics neither assumes nor authorizes any other person to assume any other liability for VR Avionics in connection with the sale of VR Avionics products.
